The Florence County Health Department is excited to announce that parents and guardians can now view our teen bedroom display without even leaving their home! Due to the COVID-19 outbreak, the health department has decided to make a virtual tour of our teen bedroom display so parents and guardians can still be educated in these tough times.

The teen bedroom display is designed to show parents and guardians how teenagers may hide drugs and alcohol in plain sight. Typically, parents would walk around the display looking for items of interest. But, since this isn't possible right now, we're bringing the teen bedroom display to you! Unfortunately, teenagers are using drugs and alcohol and finding new ways to hide it. But if the parent or guardian is educated and informed on what to look for, it can stop the use of drugs and alcohol in their teenagers. Also, this is a great way to start the conversation with your teenager that you do not want them using drugs and alcohol.

The teen bedroom display will be available to parents that are interested. Look for an advertisement on the Florence County School Website regarding viewing the virtual teen bedroom display. For more information, contact the Health Department at 715-528-4837, located in the Courthouse at 501 Lake Avenue or visit our website at <http://www.florencecountywi.com/>. The health department is located on the second floor, 501 Lake Avenue in the Florence County Courthouse, open Monday through Friday from 8:30a.m. - 4:00 p.m. closed for lunch from 12-12:30. Need health insurance? Visit [access.wi.gov](http://access.wi.gov) to see if you qualify for benefits.
