

Now Hiring: **County Land Conservationist**

The Land Conservation Department of Florence County is seeking applications for the Land Conservationist.

**Position Summary:** Responsible for revising and implementing the County's *Land and Water Resource Management Plan* as directed by Wisconsin Chapter 92. Contingent upon continued state funding and assistance, the County Conservationist is a department head position that primarily administers Florence County Land Conservation Committee policies and programs. Additional functions include grant writing, project management, providing soil and water conservation technical assistance, supervision of Land Conservation staff, conservation education coordination; and acts as a participating member of regional and state conservation organizations, and related state agency and legislative liaison.

Strong candidates will have a Bachelor Degree in a natural resources field and/or a combination of comparable training and experience.

This is a full-time, 40 hour/week, exempt salary position. Starting pay is \$26 per hour, based on experience and is eligible for a complete benefit package.

Applications will be accepted until the position is filled.

Date for Interviews will be March 27, 2025 starting @ 5:00pm

Please submit a County employment application, resume, and three professional references to:

Florence County Clerk's Office
