Dear Mrs. Bomberg:

I again want to express our gratitude on behalf of the School District of Florence County to recognize and commend the Florence County Health Department for their leadership and support during this unprecedented school year.

The support to our school never wavered through the rollercoaster of dynamic changes during the course of the pandemic through the most challenging of times this past school year. In addition, the vaccination efforts for our staff were exemplary. I would bet, our school staff was quite possibly vaccinated sooner than any other school district in the state, or surely we were one of the first.

Again, our gratitude for Annette Seibold’s leadership, and the support of the entire staff at the Florence County Health Department through the duration of the 2020-2021 school year.

Sincerely,

Ben Niehaus, District Administrator
